INSTALLATION GUIDE

- Stick the backsplash on the countertop using a transparent silicone and let dry

Installing the drain

INSTALLATION GUIDE

- After installing the backsplash on the cabinet, put the drain assembly inside the hole in the sink and fix it firmly.
- Tie up the mounting rubbers and metal rings from the bottom of the drain.
- Connect the trap onto the drain bottom.

Hanging Mirror On The Wall

- Measure the distance between the screw holes from the back of the mirror.
- Locate the studs on the wall. They are normally placed 12" to 16" apart from each other. Drill two holes on the studs as per your previous measurement.
- Insert the plastic plugs into the drilled holes and then insert screws into the plastic plugs. Tie up the screws till they remain at least 0.5" – 0.75" outside the wall.
- Hang the mirror on to the wall
